"WE'RE A LITTLE BIT COUNTRY"

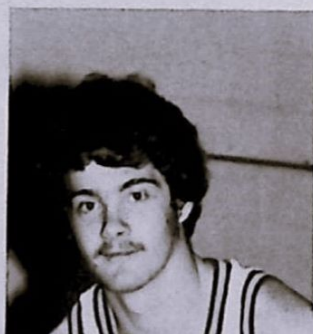

Volume X
Clarksburg, Tennessee 38324

A black and white photograph of a large, leafless tree in a park. The tree is the central focus, with its intricate branch structure filling much of the frame. In the background, other trees and a sign are visible. The sign, located in the lower-left corner, reads "HATCHER TRACE", "BIRCHES LAKE", and "POCAHONTAS". The overall scene is quiet and somewhat somber due to the lack of leaves.

In Memory Of Willie Parker

The staff dedicates this yearbook to Willie Parker who passed away on August 30th, 1980. Willie was 17 years old and the son of Mr. and Mrs. Herbert Parker.

I don't know how Willie affected the lives of other people, but he certainly played a big part in my life. I had Willie in my class for six years. I believe that Willie taught me more about people and life than I ever taught him reading and math.

I may have taught Willie how to multiply, but he taught me patience. I may have helped Willie with reading and spelling, but he helped me to accept people and love them as God made them. I may have shown Willie how to fill out a job application, but he showed me how to put more joy and laughter into my life.

I think of Willie as a "Special Gift from God", and I thank God for the six years that I had Willie.

I pray that we never forget the special gifts that Willie gave to us, and that we in turn pass on these blessings to others as he passed to us patience, love, and joy.
